## PRESIDENT CALLS CABINET TO HEAR SUSSEX EVIDENCE

Reports Current in Capital U. S. May Demand Germany Admit Guilt

[Associated Press by Federal Wireless] WASHINGTON, D. C., April 14.—Despite official denials of responsibility by the Berlin government, the United States will demand that Germany unequivocally admit its responsibility for the attack upon and sinking of the British channel steamer Sussex. So much was admitted in official circles here last night. It was also said that unless Berlin admits the guilt of the submarine commander that attacked the Sussex, and punishes the officer, the United States is prepared to take drastic action at once.

The President, it was announced last night, has decided to call a special meeting of the cabinet in the White House this morning, in order to submit all of the evidence in the case to his official family, and to discuss the best means of meeting the situation, and the action to be taken by this government.

**Situation Grave.** President Wilson, in speaking at a Jeffersonian banquet of Democrats last night, hinted at the gravity of the war situation, as well as the situation in Mexico, when he said that he "prayed that this country of ours shall not be drawn into any wars not of her own choosing."

"He asked if the people of the United States are ready to go if their interest and the interest of humanity may call upon them for the last great sacrifice, and if they have the courage to withdraw when the interests of humanity have been served."

## IN WAR ARENA

TEUTONS FAIL TO DRIVE SLAVS FROM TRENCHES.

LONDON, Eng., April 14.—On the eastern front, where the Germans and Austrians are locked with the Russians, the Teutonic forces attacked the Slav trenches in the lake Narocz sector and south of Iwakul, but suffered severe losses and were compelled to fall back baffled in both places.

The Turks also suffered repulses in their attacks upon the recently captured positions of the Russians, and finally were forced to retreat.

**BERLIN HEARS PORTUGUESE REVOLT AGAINST GOVERNMENT.**

BERLIN, Germany, April 14.—The Overseas News Agency reported last night that wireless dispatches from Lisbon declared that several Portuguese provinces have revolted against the republican government. Other dispatches from Lisbon announced that the republican guards at the Carmo barracks have mutinied, and that marines have been sent to suppress the outbreak.

**TRADING WITH ENEMIES ACT APPLICABLE ONLY TO BRITISH DOMAIN**

WASHINGTON, D. C., April 14.—The British ambassador, Sir Cecil Spring-Rice, yesterday forwarded to the state department a communication from his government answering questions asked by the American authorities regarding the Trading With the Enemies Act passed by the British parliament. The reply assured this government that the act applies only to persons living within British jurisdiction, being purely domestic in its scope. The note adds that Great Britain will take every care to see that the operation of the act in no way injures neutral nations or individuals.

**BRITISH SETTLE WITH U. S. MEAT PACKERS ON CARGOES SEIZED**

LONDON, England, April 14.—Chandler Anderson, the American representative of the Chicago meat packers at the prize-court hearings here, announced last night that the British government and the packers have come to an agreement and the government has fixed the terms of the settlement for the cargoes of meat and packing products seized months ago as contraband of war.

**YUAN ASKS JAPAN TO HELP QUELL REVOLT**

[Special Cable to Hawaii Hoohi] TOKIO, Japan, April 14.—Yuan Shih-kai yesterday formally asked the assistance of the Japanese army in quelling the revolution against him in China. The terms which accompanied the request for help were not made public. It is considered doubtful whether the Japanese government will accept them.

**DIFFICULT CASES** Often prove quite simple to a Chiropractor. The cause is usually found in the spine. Consultation and Spinal Analysis free.

F. C. NIGHTON, D. C. 304 Boston Bldg. Tel. 5585. Evenings by appointment.

## First Hawaiian Board Meeting Today in New Mission Memorial Building; Rev. O. H. Gulick is Chief Speaker

Ninety-six years of mission history are revived today as the members of the Hawaiian Board of Missions gather at the impressive new Memorial building on King street for their first meeting in the new quarters.

It was 96 years ago that the first missionaries arrived from Boston, and since that time the mission work has steadily broadened. This afternoon is the first of three days largely given over to dedicatory exercises, though the special dedication takes place on Sunday.

At 2:30 o'clock today the members of the Board of the Hawaiian Evangelical Association, generally known as the Hawaiian Board, gathered in the board rooms on the second floor of the Memorial Mission. The exercises, though simple, are especially interesting, for the Rev. O. H. Gulick, superintendent emeritus, who will be the chief speaker today, Rev. Mr. Gulick is the son of Rev. Peter J. Gulick, who arrived in Hawaii in 1828 with the third company of missionaries. The Gulick family is one of the most noted in missionary history. Seven sons and a daughter of the Rev. Peter Gulick engaged in mission work, all but one of them going into foreign fields for their life's labor.

Star-Bulletin Staff Photos.

Rev. W. D. Westervelt, member of the board, is also a speaker and others are expected to make short talks. Prior to the addresses there was some routine business transacted.

Several other speakers are also taking part. Frederick J. Lowrey, president of the board, presides at today's meeting, which is the first formal session in the handsome and dignified building that is a lasting memorial to Christian enterprise in unknown fields.

**Cousins' Meet Tomorrow.** Tomorrow afternoon, beginning at 3:30 sharp, the second meeting which makes the opening of the building notable is scheduled to take place. This is the annual meeting of the Cousins' Society, that organization of missionary descendants. Their headquarters, Old Mission House—just across King street from the Mission Memorial—will not be the scene of the meeting this year, as is usually the case. For 1916 it is transferred to the assembly hall, second floor, of the Mission Memorial.

Miss Agnes Judd, president of the society, will preside. The calling of the roll and the exchange of news from all the mission families will be interesting features. This exchange of news is always followed with close attention. Each of the mission families keeps a record and several special records, kept with loving care, serve to amplify a budget of news which lets all the "Cousins" know what is happening in their ranks. As an illustration of the wide ramifications of the Cousins' relationships and their "doings," it may be mentioned that the publication of this budget of news occupies 37 pages in the printed report for 1915 and the 1916 report will probably be even larger. For many of the Cousins, particularly the elders, this budget is the only medium which keeps them in touch with friends of years past.

Following brief reports there will be a talk by W. R. Castle, a "missionary child." The Cousins will also officially receive and take over from Hawaiian Board representatives their two special rooms and vault in the Memorial building.

Two programs on Sunday will mark the special day of dedication. At 3 o'clock Sunday afternoon the formal dedication ceremonies will be held. Rev. J. F. Cowan, pastor of the Kohala Union church, will be the chief speaker. At 7:30 Sunday evening a union service of all Hawaiian churches will be held in the auditorium. To these exercises the public is cordially invited.

Prince Bahran of Persia, residing in Nice, is believed to have been a victim of the Sussex disaster.

**MY EYE REDEMY** For Red, Watery Eyes and GRANULATED EYELIDS. Write Dr. J. H. Smith, Boston, Mass.

## ROTARIANS ALL OVER STATES TO BOOST ISLANDS

Promotion Committee Expects Much Valuable Publicity From Organization

Rotary clubs throughout the United States will boost Hawaii. The Hawaii Promotion Committee has taken up the subject of publicity through the Rotary Clubs of the country, and the local members of the organization will correspond with all of the Rotarians on the mainland.

The Rotarians number many thousands, and there are clubs in nearly every city of importance on the mainland, consequently the committee believes that, with publicity through this channel, Hawaii will reap a big harvest, as the Rotarians are known as a booster organization.

"This will open up a new angle to the promotion work of the committee. It will give us the assistance of the men who are leaders in their lines of business," said Albert P. Taylor, director of the Promotion Committee, today. "Ed Towse is the correspondent of The Rotarian, the official organ of the Rotary Clubs of America, and he will send information to the magazine which will be of much assistance to Hawaii."

## CHINA ALARMED AT RUSS-JAPAN TREATY

[Associated Press by Federal Wireless] TOKIO, Japan, April 14.—The newspapers of North China, and particularly of Peking, are becoming seriously alarmed over the reports of the treaty between Russia and Japan. These reports declare that the agreement gives Japan complete control of the political and economic situation in the Far East. It is claimed that the treaty is a great step toward the other war materials brought about the agreement.

## REVOLUTIONISTS TAKE SHANGHAI CITADEL

[Special Cable to Hawaii NHin Jiji] TOKIO, Japan, April 14.—The revolutionists bombarded and captured the Shanghai citadel yesterday, according to dispatches from that city.

When a man goes out to buy a suit, a dinner, a cigar or a collar-button—he follows a line of least resistance. Does your advertising place you at the other end of that line?

—THE AD MAN.

## HALTON TELLS WHAT ISLANDS HAVE TO OFFER

More than 200 members and guests attended the luncheon of the Los Angeles Traffic Association yesterday noon, says the Los Angeles (Cal.) Times of March 25.

In honor of a visit from Fred J. Halton, traveling passenger agent of the Hilo Railway, and agent of the Hawaii Promotion Committee, the day was officially designated as Hawaiian Day. Ukuleles, hula girls, leis and an assortment of stereopticon views of Hawaii, in addition to an interesting lecture on the islands by Mr. Halton, were features.

Mr. Halton, in making a plea for cooperation of local traffic men in arousing interest in the islands and inducing tourists to visit them, said in part:

"Hawaii is not competing with California for the tourist trade. Far from it. We want to co-operate with you to induce easterners to visit the Pacific, and we want you to add in advertising the attractions of the coast a description of the charms of Hawaii."

"Every tourist that comes to Honolulu passes through California, twice. You get them coming and going. It only takes five days to travel from San Francisco to Hawaii, and we feel that we should be included in your 'See America First' slogan. Hawaii is of great importance to the Pacific coast in many ways. We want you to know us better and help others to become better acquainted."

Albert P. Hiller, Jr., the Providence investment broker arrested in Boston in January charged with embezzlement of over \$300,000 from his clients, got a 15 year prison sentence.

View of southeast side of new Mission Memorial, showing pillared portico from which open board rooms (second floor), where meeting will be held today. Below is shown Rev. O. H. Gulick, superintendent emeritus, who will be the chief speaker today. Rev. Mr. Gulick is the son of Rev. Peter J. Gulick, who arrived in Hawaii in 1828 with the third company of missionaries. The Gulick family is one of the most noted in missionary history. Seven sons and a daughter of the Rev. Peter Gulick engaged in mission work, all but one of them going into foreign fields for their life's labor.

## QUARANTINE ON DOGS NECESSARY NORGAARD SAYS

Means Barring Possible Menace to Public Health, He Tells Promotion Committee

Pifi and the other little lap dogs will not have an opportunity to enter Hawaii unless they remain in quarantine for four months. Speaking before the members of the Hawaii Promotion Committee Wednesday Dr. Victor Norgaard stated that to remove the quarantine on the canines would work a great injury to Hawaii.

"A little lap dog can carry rabies as well as a St. Bernard," said Dr. Norgaard. "If the lap dogs were allowed to come in without quarantine Hawaii would be certain to have rabies. It would be a calamity, and might lead in time to the killing of all of the dogs in Honolulu."

"The dogs are well taken care of, and as an example, after many of them have been detained for four months, they invariably come back. Some of the owners may not feel satisfied that the dogs are given the best of care, but the dogs are satisfied. That in itself means much to the caretakers. In conclusion I wish to say that the quarantine might cost Hawaii a few tourists, but it would be the means of keeping out a menace to the public health."

## NOTICE TO PHONE SUBSCRIBERS

All subscribers in Walkiki-Moiliili and Kaimuki districts will have a new telephone number assigned them upon the issue of the NEW DIRECTORY. CALL 1400—If you desire to know your new number.

TO BETTER OUR FACILITIES we are forced to make these changes.

MUTUAL TELEPHONE COMPANY. ARRESTED FOR WIFE-BEATING.

Hearing frantic cries from a woman for help, Police Officer O. S. Waitz rushed to the residence of R. W. Graham, on Kamehameha IV Road, early yesterday and reports he saw Graham beating his wife mercilessly. Mounted Officer Smith arrived a few moments later. They heard Graham say, "Now, you lay there," and then saw him strike her on the face, already covered with blood. He will be arraigned in police court tomorrow.

The Kaiser has sent a message to Dr. Helfferich, Secretary of the Imperial Treasury, congratulating him on the success of the new war loan.

## CHINATOWN HAS POOR STREETS, SAYS JAPANESE

Hawaii Shinpo Declares That Streets Are Disgrace to City: Asks for Improvements

In a campaign for better roads the Hawaii Shinpo calls attention to the state of affairs on some of the principal thoroughfares of the city. The Japanese daily says: "We invite the attention of the supervisors to the disreputable and disreputable condition of some of the principal downtown streets, especially Beretania, Smith, River, Kukui, Vineyard and Mayanaka streets."

"The condition of these streets is little better than the lava flows on the waste lands on the slopes of our great volcanoes. This is the way it strikes the casual observer. It is nothing less than a disgrace to this cosmopolitan capital city of Hawaii. The Ad Club is said to be discussing the reconstruction and widening of the Tantalus road for the pleasure of automobile tourists. We want all of the tourists that we can draw to Hawaii, and we want to give them all the comforts, but we are inclined to think that Chinatown traffic should not be entirely disregarded."

"Many tourists visit Chinatown, and the condition of the streets is commented upon. We suggest that some automobile owner drive his machine at usual speed along Beretania street, from Nuuanu avenue corner to Aala Park. Let one of the supervisors, or all of the supervisors try it. They will feel as if the springs were about to be smashed with every bump in the rutty, broken, neglected, disgraceful thoroughfare."

## NAVY DEBATE IN SENATE DEVELOPS STRONG SUPPORT

Senators Borah and Stone Urge Immediate Strengthening of First Line Defense

WASHINGTON, D. C., April 14.—The final debate in the senate upon the army and navy measures developed a strong agitation for a bigger navy, even at the expense of the army.

Senators Borah and Stone both declared yesterday that the navy, as the first line of defense of this country against a possible invasion from abroad, is of far greater importance to the United States than an army.

They advocated the creation of what they called a "reasonable standing army," but the immediate construction of a "big navy."

The final vote on the measures will be taken in the upper house next Tuesday.

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When this little system is full of cold, throat sore, has stomach-ache, diarrhea, indigestion, colic-remember a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

**WILDER SPEAKS AT Y. M. C. A.** Nearly a hundred persons in Cooke Hall at the Y. M. C. A. last evening heard "Hummy" Wilder describe in his most vivid style the whaling industry of 40 or 50 years ago. "A Robert Louis Stevenson novel come to life" is the way one enthusiastic hearer put it after listening to the hair-raising tales of adventure of those old whaling captains, their vessels, and the industry as a whole.

## FUNSTON ORDERS SCOUTS TO KEEP TAB ON GOMEZ

Mexican General With Big Body of Men Reported Moving on Casas Grandes

[Associated Press by Federal Wireless] WASHINGTON, D. C., April 14.—Reports have reached General Funston at San Antonio, Texas, that Gen. A. Gomez, with a large force, is moving southeast in the direction of Casas Grandes, through which town the American lines of communication with Pershing's force, 400 miles south, are run. General Funston has issued orders to scouts to locate General Gomez and keep in close touch with him, but as yet there have been no reports of his exact whereabouts. War department officials, however, do not hesitate to admit the possibility of an attack, and the possible cutting of the American lines.

**Concealed Trenches Discovered.** General Pershing yesterday reported that on the southward march many Mexicans, evidently disarmed fighting men, have been encountered by the American troops, and that it is possible that they are Villistas, but that there is no means of finding out.

At Colonia Doublan, the scouts have discovered an important Villista base. There are semi-circular trenches, guarded by machine guns and artillery, the whole well concealed.

Despatches from Chihuahua tell of bread riots at that city and at Aguas Calientes. No Americans have been injured so far as is known.

Doctor Arredondo, Carranza minister to Washington, announced last night that his chief will return to the City of Mexico today, having left Queretaro, where he has had his capital for some time. The City of Mexico hereafter will be the capital of Mexico, said the minister.

## NANKING CITY JOINS REVOLUTIONARY CAUSE

(Special Cable to Hawaii Shinpo) TOKIO, Japan, April 14.—The city of Nanking has now joined the revolution against Yuan Shih-kai, according to despatches received here last night. This was the last big city outside of Peking left to the Yuan government. It is expected here that Yuan will resign within a short time.

## Masonic Temple Weekly Calendar

**MONDAY.** Masonic Board of Relief, regular, 5 p. m. Honolulu Chapter No. 1, R. A. M., special, Past Master and Most Excellent, 7:30 p. m.

**WEDNESDAY.** Hawaiian Lodge No. 21, special, Third Degree, 7:30 p. m.
